Dear Paul:

I just wanted to take a moment to say "thank you" for all your help, not just with technological questions that you have so eagerly answered, but for introducing VRDL to the Fountain Hill students! The virtual reality equipment has put a spark in their eyes. It has allowed their project to become real and accessible to our entire school and community! Even though only 4 students traveled to the Japanese relocation camps, everyone can "be there" by watching the tour.

I could go on and on about the endless opportunities that are now available for these students, but with out you guys giving us the support none of it would have been possible. You are so kind to always return their calls and emails. I appreciate the fact that you understand exactly what EAST is about. Thanks for everything!

Sincerely,

Turah West  
Fountain Hill EAST Lab Facilitator
